Brady Compliance Unit
Operations Manual

Steve Cooley • Los Angeles County District Attorney

September 2010
The mission of the Brady Compliance Unit is to assist Los Angeles County deputy district attorneys in complying with their constitutional obligations under Brady v. Maryland (1963) 373 U.S. 83 and its progeny. In order to carry out that mission, the Unit performs two separate, distinct functions. First, as the central repository of known Brady information from 1997 to present, it determines whether potential Brady information relating to a peace officer or governmentally-employed expert witness will be included in the Brady Alert System, a secure computerized database accessible only by Los Angeles County deputy district attorneys who are prosecuting a specific case in which the officer or expert is a witness. Second, as a repository of accumulated knowledge and experience, it is available to consult with deputy district attorneys in the discharge of their personal, individual Brady duties. In performing both of these functions, the Unit is mindful of the statutory and privacy rights of the peace officers involved.

This Operations Manual sets forth the policies to be followed by the Brady Compliance Unit deputy district attorneys ("Brady DDAs") in their evaluation of potential Brady material for inclusion in the Brady Alert System, as well as the procedures to be followed once it has been determined that Brady material, which should be included in the Brady Alert System, exists. The policies and procedures described in this Manual are subject to any future changes in the law.

I. **HOW TO CONDUCT AN ANALYSIS OF POTENTIAL BRADY MATERIAL**

   A. **A Brady DDA should ensure that the potential Brady material has been investigated.** No officer will be placed in the Brady Alert System until the potential Brady material has been investigated. Therefore, before a Brady review of potential Brady material can commence, an investigation by the Justice System Integrity Division ("JSID"), the employee's department, or another law enforcement agency must be completed.

   1. If the potential Brady material has not been investigated, it shall be referred to the employee's department for investigation by means of a letter addressed to the head of the employing agency. (See Appendix, Form 1, Model Letter to Employing Agency Requesting Investigation.)

   2. If a case is pending trial and there is sufficient information justifying the reasonable belief that the potential Brady material is reliable and credible, the Brady Compliance Unit shall advise the trial deputy district attorney ("trial DDA") to seek an in camera review of that material. If a court orders disclosure of any material to the defense, the trial DDA shall request that the court issue a
protective order restricting the use and dissemination of that material only to the particular case being litigated.

a. The Brady DDA shall request that the trial DDA send a memorandum through his or her head deputy or deputy-in-charge to the Brady Compliance Unit describing the nature of the potential Brady information, setting forth the court's ruling and accompanying rationale, and attaching all pertinent documentation.

b. Upon receipt of the trial DDA's memorandum, the Brady Compliance Unit shall refer the matter to the employee's department for investigation by means of a letter addressed to the head of the employing agency. (See Appendix, Form 1, Model Letter to Employing Agency Requesting Investigation.)

B. After the potential Brady material has been investigated, the Brady DDA shall thoroughly review all available documentation regarding the potential Brady incident. Such documentary evidence includes, but is not limited to, the following: Criminal complaints and informations, grand jury indictments, court transcripts, probation reports, court conviction and sentencing documents, police reports, letters and reports from the employee's department, Los Angeles Police Department ("LAPD") Board or Rights Hearing transcripts and documents, District Attorney and JSID case files, petitions for writ of habeas corpus, memoranda and documentation from head deputies, deputies-in-charge, deputy district attorneys, defense attorneys, and criminal complaint declinations, as well as all information supplied by the employee or his or her legal representative.

C. The Brady DDA shall utilize a "clear and convincing" standard in evaluating the documentation regarding the potential Brady material.

1. At the outset of a Brady review of potential impeachment evidence, the Brady DDA should not prejudge whether Brady material exists.

2. Brady material exists only if a determination is made by the Brady Compliance Unit that the allegations of misconduct are established by clear and convincing evidence, a standard higher than preponderance of the evidence but lower than beyond a reasonable doubt.

"Clear and convincing evidence" means evidence which is "so clear as to leave no substantial doubt" and which is "sufficiently
It requires a finding of a high probability of the truth of the facts. (Ibid.; CACI No. 201 (2010).)

3. If the allegations of misconduct are not supported by clear and convincing evidence that is reliable and credible, the information will not be included in the Brady Alert System.

II. HOW TO PREPARE THE DOCUMENTS RELATED TO AN ANALYSIS OF POTENTIAL BRADY MATERIAL

A. Memorandum to the Appellate Division Head Deputy

1. After the Brady DDA has completed the evaluation of the documentation regarding the potential Brady incident, he or she shall prepare a memorandum addressed to the Head Deputy of the Appellate Division.

   a. The memorandum must include the following:

      1) A description of the documents reviewed;

      2) A statement recommending one of the following:

         a) The information reviewed, in part or in whole, constitutes Brady material which should be included in the Brady Alert System; or

         b) The information reviewed does not constitute Brady material and should not be included in the Brady Alert System.

      3) A recitation of the facts which are set forth in the documents and which provide the factual basis for the potential Brady material; and

      4) An analysis of the facts applying the applicable law.

   b. The memorandum must be clearly labeled "ATTORNEY WORK PRODUCT."

2. The memorandum must be approved by the Head Deputy before any peace officer's or governmentally-employed expert witness's name can be placed in the Brady Alert System.
3. The memorandum shall not be disclosed to anyone outside the Brady Compliance Unit. It is internal work product which is a reflection of the impressions, conclusions, opinions, legal research, and theories which formed the basis of the Brady Compliance Unit's determination of whether Brady material exists.

B. Proposed Summary for the Brady Alert System (See Appendix, Form 2, Sample Summary for Brady Alert System.)

1. If the Brady DDA has made the recommendation to the Head Deputy to include an officer's or governmentally-employed expert witness's name in the Brady Alert System, the Brady DDA shall prepare a proposed summary of the Brady material for inclusion in the Brady Alert System.

2. The proposed summary must be attached to the memorandum addressed to the Head Deputy as a separate page and must be approved by the Head Deputy before any peace officer's or governmentally-employed expert witness's name and accompanying Brady information can be placed in the Brady Alert System.

C. Notification Letter to the Peace Officer or Governmentally-Employed Expert Witness ("Employee")

1. If the Brady DDA has made the recommendation to the Head Deputy to include an employee's name and accompanying information in the Brady Alert System, the Brady DDA shall prepare a notification letter addressed to the employee for the Head Deputy's signature.

   N.B. If the Brady DDA has made the recommendation not to include an employee's name in the Brady Alert System, no notification letter is sent unless the employee or his or her employer has requested one. (See Appendix, Form 3, Model Letter to Employee--No Brady.)

2. The notification letter shall inform the employee of the Brady Compliance Unit's determination to place the employee's name and accompanying information in the Brady Alert System, the factual and legal bases for the determination, the attendant discovery consequences, the right to access and review the material which formed the basis for the Brady Compliance Unit's determination, and, if applicable, the employee's right to appeal the Brady Compliance Unit's determination.
a. **All Employees Entitled to Right to Access and Review Material.** All employees and their attorneys are entitled to the right to access and review the material which formed the basis for the Brady Compliance's Unit's determination to place the employee's name and accompanying *Brady* information in the Brady Alert System. The notification letter to the employee must specifically set forth the following information:

1) The employee's and his or her attorney's right, within 30 calendar days from the date of the notification letter, to review the material that formed the basis for the Brady Compliance Unit's decision to place the employee's name and accompanying information in the Brady Alert System.

2) The appointment scheduling procedure and pertinent contact information, as follows:

   a) If the employee wishes to attend the review session with his or her attorney, the attorney must schedule the appointment by contacting the District Attorney's Law Enforcement Liaison.

   b) If the employee does not wish to attend the review session, the attorney may schedule the appointment by contacting the Brady Compliance Unit.

b. **Employees Not Entitled to Right to Appeal.** If the Appellate Head Deputy approves the Brady DDA's recommendation to include an employee's name and accompanying information in the Brady Alert System for conduct which is per se *Brady* evidence under the law (e.g., pending criminal charges against the employee, parole or probation status of the employee), the employee shall not be entitled to the right to appeal the Brady Compliance Unit's determination. The notification letter to the employee must specifically state that he or she is not entitled to the right to appeal and must set forth the reason why. (See Appendix, Form 4, Model Letter to Employee--No Appeal.)
c. Employees Entitled to Right to Appeal. If the Appellate Division Head Deputy approves the Brady DDA's recommendation to include an employee's name and accompanying information in the Brady Alert System for conduct, which in the Brady DDA's discretion constitutes "Brady" evidence, the employee shall be entitled to the right to appeal the Brady Compliance Unit's determination. The notification letter to the employee must specifically set forth the following information (see Appendix, Form 5, Model Letter to Employee--Appeal):

1) The employee's right to appeal the determination to place his or her name and accompanying information in the Brady Alert System by submitting an objection letter to the District Attorney's designee, an individual who is not affiliated with the Brady Compliance Unit.

   a) The notification letter shall set forth the name and address of the designee.

   b) The notification letter shall specifically state that the decision of the designee is final and that no further recourse is available.

2) The requirement that the objection letter must be postmarked within 30 calendar days of the date of the notification letter.

3) The requirement that the objection letter must include the bases for the objections and may include any additional information that the employee believes is relevant.

4) The following timetables:

   a) Within 60 calendar days of the date of the notification letter, the District Attorney's designee shall review the objection letter and accompanying documentation, if any, make the conclusive determination of whether the employee's name and accompanying information is to be placed in the Brady Alert System, and inform the employee, the employee's attorney, and the
Brady Compliance Unit in writing of the decision.

N.B. Immediately upon receipt of an employee's objection letter, the District Attorney's designee shall notify the Brady Compliance Unit that an appeal has been taken.

b) Immediately following an unsuccessful appeal, the employee's name and accompanying information shall be placed in the Brady Alert System.

c) Absent an appeal, after the expiration of 30 calendar days from the date of the notification letter, the employee's name and accompanying information shall be placed in the Brady Alert System.

5) Notification that, if the employee's name and accompanying information is placed in the Brady Alert System, the head of the employee's agency will be notified by a letter which shall include the statement that the District Attorney's Brady finding, in and of itself, should not be used as the basis of a personnel action against the employee.

3. The notification letter shall be placed in a sealed envelope addressed to the employee, in the care of the subpoena control liaison officer for the employing agency, and sent via United States Postal Service certified mail. It should be delivered pursuant to that agency's subpoena process.

D. Notification Letter to the Head of the Employing Agency (See Appendix, Form 6, Model Letter to Head of Employing Agency.)

1. Upon placement of an employee's name and accompanying information in the Brady Alert System, the Brady DDA shall prepare a notification letter addressed to the head of the employee's agency (e.g., the Chief of Police, the Sheriff) for the Appellate Division Head Deputy's signature.

2. The notification letter shall inform the head of the employee's agency of the placement of the employee's name and accompanying information in the Brady Alert System, the factual
and legal bases for the determination, and the attendant discovery consequences.

3. The notification letter to the head of the employee's agency shall include the statement that the District Attorney's Brady finding, in and of itself, should not be used as the basis of a personnel action against the employee.

E. Notification Memorandum to Head Deputy or Deputy-in-Charge (See Appendix, Form 7, Model Memorandum to Head Deputy or Deputy-in-Charge.)

1. If the Brady DDA has made the recommendation to the Appellate Division Head Deputy to include an employee's name and accompanying information in the Brady Alert System, the Brady DDA shall have an inquiry-based PIMS Ad Hoc run generated which lists all the cases in which the employee is or was named as a potential witness. The Brady DDA shall analyze the PIMS Ad Hoc run, utilizing the Trial Court Information System and PIMS Adult Case Management, to determine the following:

   a. All pending cases;

   b. All cases, since the initial date of the employee's misconduct, which went to trial;

   c. All cases, since the initial date of the employee's misconduct, which went to trial and in which the employee testified as a prosecution witness; and

   d. For each case, the branch office, area office, or special division, unit or program responsible for litigating the case.

2. After the PIMS Ad Hoc run analysis has been completed, the Brady DDA shall prepare a memorandum addressed to the head deputy of the branch office or special division or the deputy-in-charge of the area office, special unit, section or program responsible for the litigation of a flagged case for the Appellate Division Head Deputy's approval and initials.

   a. If the memorandum is addressed to a head deputy of a branch office or a special division, the following individuals shall receive a copy of the memorandum:
1) The director of the respective bureau; and

2) The director of the Bureau of Prosecution Support Operations.

b. If the memorandum is addressed to a deputy-in-charge of an area office or a special unit, section or program, the following individuals shall receive a copy of the memorandum:

1) The head deputy of the respective branch office or special division;

2) The director of the respective bureau; and

3) The director of the Bureau of Prosecution Support Operations.

3. The memorandum shall set forth the following information:

a. The Brady information regarding the employee.

b. A statement of the prosecutor's duty to disclose the Brady information in appropriate cases.

c. A list of all the flagged cases for which the head deputy or deputy-in-charge is responsible.

d. The requirement that the head deputy or deputy-in-charge personally review each District Attorney case file on the list to determine if the employee is or was a material witness on the issue of guilt or punishment.

e. The instruction that, if the head deputy or deputy-in-charge determines that the employee will be or was a material witness at trial on the issue of guilt or punishment in a case, he or she must notify the defense attorney in writing by means of a letter.

1) A model letter shall be attached to the memorandum. (See Appendix, Form 8, Model Letter to Defense Attorney.)

N. B. No letter is required in cases where the defendant pleaded guilty or no contest.
2) The instruction that the letter and its accompanying envelope should be clearly designated "Personal and Confidential."

f. The instructions that:

1) Once the letter to the defense attorney has been generated and mailed, the head deputy or deputy-in-charge must compile a Correspondence Control Log which lists the following:

a) Case number;
b) Defendant's name;
c) Peace officer's or governmentally-employed expert's name;
d) Peace officer's or governmentally-employed expert's badge, serial or employee number;
e) Peace officer's or governmentally-employed expert's employing agency;
f) Defense attorney's name;
g) Defense attorney's office name; and
h) Date the letter was mailed to the defense attorney.

N.B. A model form of the Correspondence Control Log is to be attached to the memorandum. (See Appendix, Form 9, Model Form of Correspondence Control Log.)

2) Once the Correspondence Control Log has been completed, a copy of it shall be transmitted to the Brady Compliance Unit.

4. The memorandum shall be sent to the head deputy or deputy-in-charge electronically.
F. Notification Letter to the Los Angeles County Public Defender's Public Integrity Assurance Section  (See Appendix, Form 10, Model Letter to Public Defender's PIAS Deputy-in-Charge.)

1. After the notification memoranda have been transmitted to all affected head deputies and deputies-in-charge, the Brady DDA shall prepare a letter addressed to the deputy-in-charge of the Public Integrity Assurance Section of the Los Angeles County Public Defender's Office for the Appellate Division Head Deputy's signature.

2. The letter shall notify the Public Defender of the following information:
   a. The peace officer's or governmentally-employed expert's name, employing agency, and badge, serial or employee number;

      3) All cases, since the initial date of the officer's or expert's misconduct, which went to trial, i.e., all cases, since the initial date of the officer's or expert's misconduct, which went to trial and in which the officer or expert was a potential witness but did not testify.

NOTIFICATION OF PLACEMENT IN BRADY ALERT SYSTEM

The Brady Compliance Unit of the Los Angeles County District Attorney's Office has carefully reviewed [list documents reviewed] and has determined that these documents contain *Brady* impeachment material which relates to you.

The United States Supreme Court in *Brady v. Maryland* held that a prosecutor has a legal duty to turn over to the defense evidence favorable to a defendant which is exculpatory or impeaching and is material on guilt or punishment. Evidence impeaching a material prosecution witness is *Brady* material.

When you are a material witness in a case on either guilt or punishment, our office must disclose to the defense that [describe misconduct]. This conduct constitutes *Brady* evidence which can be used to impeach you. This information will be stored in our office's Brady Alert System which is a secure computerized database maintained exclusively by the Brady Compliance Unit and accessible only by deputy district attorneys who are prosecuting a specific case in which you are a witness.

You and your attorney have the right to review the material which is the basis for our determination to place you in the Brady Alert System. If you wish to be present at the review, your attorney must contact the Los Angeles County District Attorney's Law Enforcement Liaison at [area code and telephone number]. If you do not wish to be present at the review, your attorney may contact the Brady Compliance Unit at [area code and telephone number].
You do not have the right, however, to appeal our determination, because evidence of [describe impeachment evidence, e.g., pending charges, probationary status] against a prosecution witness is per se *Brady* evidence under the law.

Dear Officer/Deputy [Last Name]:

NOTIFICATION OF PLACEMENT IN BRADY ALERT SYSTEM

The Brady Compliance Unit of the Los Angeles County District Attorney's Office has carefully reviewed [list documents reviewed] and has determined that these documents contain Brady impeachment material which relates to you.

The United States Supreme Court in Brady v. Maryland held that a prosecutor has a legal duty to turn over to the defense evidence favorable to a defendant which is exculpatory or impeaching and is material on guilt or punishment. Evidence impeaching a material prosecution witness is Brady material.

When you are a material witness in a case on either guilt or punishment, our office must disclose to the defense that [describe misconduct]. This conduct constitutes Brady evidence which can be used to impeach you. This information will be stored in our office's Brady Alert System which is a secure computerized database maintained exclusively by the Brady Compliance Unit and accessible only by deputy district attorneys who are prosecuting a specific case in which you are a witness.

You and your attorney have the right to review the material which is the basis for our determination to place you in the Brady Alert System. If you wish to be present at the review, your attorney must contact the Los Angeles County District Attorney's Law Enforcement Liaison at [area code and telephone number]. If you do not wish to be present at the review, your attorney may contact the Brady Compliance Unit at [area code and telephone number].
You also have the right, within 30 days from the date of this letter, to appeal the Brady Compliance Unit's determination by submitting an objection letter to [name and title of District Attorney's special designee], a special designee of the District Attorney who is not affiliated with the Brady Compliance Unit, at [special designee's address]. The objection letter must be postmarked within 30 calendar days of the date of this letter and must include the bases for your objections. You may submit any additional information that you believe is relevant. Within 60 calendar days of the date of this letter, [name of special designee] will review the objection letter and accompanying documentation, if any, and make a decision as to whether or not your name and accompanying information are to be placed in the Brady Alert System. This decision is final and no further recourse is available. [Name of special designee] will inform you through your attorney in writing of his/her decision.

If you do not appeal, your name and accompanying information will be placed in the Brady Alert System 30 calendar days from the date of this letter. If you do appeal and are unsuccessful, your name and accompanying information will immediately be placed in the Brady Alert System. The fact that you are placed in the Brady Alert System does not mean that the Office will never use you as a witness. That decision will be made on a case-by-case basis by the trial deputy district attorney after consultation with his or her supervisor. If your name is placed in the Brady Alert System, the head of your employing agency will be notified by letter. That letter will also state that the District Attorney's Brady finding, in and of itself, should not be used as the basis of a personnel action against you.

If you have any questions, your attorney may contact [name of contact person] at [area code and telephone number].
